

Malton Motor Club 12 Rally Championship 2016/2017

We will be running our 12 Car Championship this year with new coordinators. Dave Bell and Peter Rowntree. Dave can be contacted by email through the website link 12cars@maltonmc.co.uk or mobile 07704424580. Peter's mobile is _____

It would be useful to have a current, email address of all those taking part in this year's coming events, organisers, drivers, navigators and marshals please email as above.

The championship comprises of 8 rounds, dates are on the website.

The events are known as "12 Car Navigational Rallies", and will be held as usual on a Monday night. Each event has a route of normally around 50 to 60 miles, signing on from 19.30 with the first car start at 20:00, finishing around 21:30 to 22:00.

They will follow the format as previous years, (**please read the Regulations**), which are available on the web site on the '12 Car' page. It involves cars being given road rally style navigation, plotting time will vary according to championship class, and then having to drive a defined route. On the route they will find "Route Checks", which are boards placed by the side of the road with letters/numbers on. These must be recorded on the competitors' Time Cards to avoid penalties. (All Time Cards MUST be completed in ballpoint pen, marshals will be instructed to void any pencil entries resulting in a missing code board penalty) Additionally, there will be a number of "Time Controls" on route, which are points manned by marshals where the competitors' time is recorded, and where additional route information may be given out.

All 12 Car rallies are timed at an average speed of no more than 30mph, in accordance with the Motor Vehicles (Competitions and Trials) Act, and run on roads which remain open to normal traffic. 12 Car Rallies are never allowed to run during daylight hours for safety reasons.

For those running events in this year's championship, please submit your route to Dave or Peter weeks prior to your event so it can be checked approved.
